Subject: Air Monitoring and Water Sampling Locations

Good afternoon,

Please see attached air monitoring locations and water sampling sites.
The water sample location table may be our old one as some last minute
changes were made to the water sampling table right before they
sampled. So I've included the actual water sample GPS locations below:

First Sample: 29.921952, -95.019610
Second Sample: 29.926646, -95.018384
Third Sample: 29.923430, -95.010890
Fourth Sample: 29.912537, -95.013331

Fifth Sample (background): 29.964911, -95.047863

Let me know if you need anything else. As always it was a pleasure working with you.

Respectfully,
